We would appreciate having a statement about your philosophy and work as an artist—either general or something specific about the piece(s) selected for this year's May Show to aid us in the preparation of gallery talks and in the release of publicity materials. For more space, use the back of this sheet.

My work is a statement about the psychological complexity of being, one with others or one with ones self, hence the narrative title:

"Undercurrent People (Talking and Taking
Segments Of Her But Essentially Remaining
Passive When She Faltered)"

In 1970 President Lloyd Jewett asked me and fellow art faculty member Philip C. Paratore to create and implement a two year art program that would grant an Associate Degree in Art. Because of the two year time limitation dictated by the University of Maine to earn this degree we felt the traditional learning experience had to be expanded upon. Our goal was to create a comprehensive awareness of the interrelationships of various art concepts and techniques with other academic disciplines. After three struggling give and take years a Multi Media interdisciplinary program evolved to give the student a comprehensive and strong art foundation. (A copy of this program will be sent to you upon request)

May 1971 - June 1972 I took a leave of absence which was spent traveling in Spain, Turkey, Iran, Afghanistan, Greece and Crete. During this period I devoted time to reevaluate myself, my role in education, and in studying the different cultural traits of each region visited.
